Recent Yacht Experience

March 2009 – February 2010

Captain/Engineer - S/Y *Blue Whale* a Cape Fear 60. (www.bluewhaleadventures.com) Sailed the Leeward's and Grenadines with the owners for the spring 2009. Delivered the boat to Newport, RI for the charter boat show and chartered in New England for the summer. Delivered the yacht to Wilmington, NC, for upgrades and refit. Sailed back to Antigua for the charter boat show in December and chartered in Guadeloupe and the French Islands for the winter season.

November 2008 – March 2009

Captain/Engineer - Freelance S/Y *Swell* a Bruce Farr 50 Pilot House. Delivered the yacht from Mystic, CT to Antigua and participated in the Antigua Charter Boat Show. Chartered in the leeward's for the winter season. Also, delivered *Swell* from Mystic, CT to Tortola in November 2006.

November 2006 – October 2008

Captain/Engineer S/Y *Lady Angele* a 72' Scorpio (www.ladyangele.com) For 2 years I sailed and chartered *Lady Angele* in the Caribbean Leeward, Windward and the Virgin Islands. I was the sole full-time crew and worked with freelance chefs during charters. At the same time I was the hands-on manager of a major refit including replacement of the engine, transmission, propeller shaft, standing rigging, sails, air conditioners & electronics.

Training for ASA 114 - Multihull Certification on Lake Michigan

Work History

January 2003 – October 2007

Owner/Instructor - *East Carolina Sailing School* an American Sailing Association School located in Washington, North Carolina. We provided training and certification to adult students from beginners to those wishing qualify for bare boat charter up to 50 feet. I instructed over 300 students. I sold the school to pursue my current career.

January 2003 – October 2006

Manager of Charter Boat Fleet - *Carolina Wind Yachting Center*. Responsibilities included qualifying skippers, and maintaining the yachts. I did this in combination with the operation of the sailing school. I also sold new and used yachts for the company.

May 1997 – December 2002

Vice President of Sales and Marketing - *Innovative Water Technologies, Inc.* The company manufactured and serviced industrial water treatment products in North America. I was responsible for the sales, service and marketing for the United States of America, Canada & Mexico. Automotive and plastics manufacturing were our primary markets.

April 1989 – March 1997

National Sales Manager - *The Elliot Company*. A turbocharger manufacturer and repair company We manufactured serviced and repaired turbochargers for medium and large bore engines in Power Generation, Gas Transmission, Marine & Petrochemical applications. I was promoted to National Sales Manager after being the top-producing salesman for 5 years.

March 1979 – March 1989

Repair Facility Manager - *Cooper Industries*. An aftermarket services company specializing in the repair of engines and compressors for the energy markets including gas transmission, petrochemical, marine & power generation. Starting in the field as a mechanic I was promoted to field service sales position and then to general manager of a start up repair facility located in Easton, PA.
